- Attendance

In each targeted school trainers had delivered multimedia presentation. The trainer introduced himself and briefed about the program and its objectives. After introduction pre-assessment form (Baseline) were given to students.

Training sessions delivered in friendly environment to avoid students from anxiety. During session refresher was also part of training to energize the students.

Group activity with students was always interesting. During training session animated pictures of Cyber bullying, Cat-fishing, Trolling, Hackers and fake news were shown to students to attract the attention of students. At the end of session End line assessment forms were given to them, training session ended up with group photo of students.

**Overall Remarks by Head Teachers**

Each school are welcoming the program and cooperating with our team. The management of each school is providing their staff and administration to assist our team. Head of the school always warmly welcomed the trainers. They showed their great interest in this project.

Being responsible person of the schools, they wanted to avail this opportunity to build the capacity of their students.

These sessions and trainings can give awareness to the students especially these are very beneficial for females. Each school head was very pleased with sessions and they were very thankful to ITA and Telenor for organizing such meaningful activity for students.
